NDERIT HOUSE

KILIFI

NDERIT VILLA KILIFI

Nderit Villa is an exclusive 1 bedroom Villa located within the Kilifi Plantation on one of the most sublime and peaceful settings on the Kenyan coastline. With stunning oceanfront views and easy access to a wide range of coastal activities, it is perfect for a couple looking for a private escape or honeymoon getaway.

"Nderit" is Masai and was the name of Richard Britten-Long's family Estate upcountry, now known as Lake Nakuru National Park. Nderit House was one of the first properties to be built along the seafront on Kilifi Plantations. The Villa was added by Richard for his personal use in 2016, set right on the cliff edge, commanding a magnificent view over the entrance to Kilifi Creek and the Indian Ocean.

WHAT SETS US APART

Nderit Villa is a self-contained open-plan villa with a huge double bedroom and adjoining bathroom. It has a stunning veranda with an infinity pool and landscaped gardens. With private access from the main house, it is made to be a completely secluded escape for 2 adults. It also has an outdoor shower, patioed seating area and a pergola with the villa's dining area.

The house team, who have been part of the extended family for many years, are generous and welcoming characters who ensure a seamless and spoiling stay for all our guests. Katana, our chef, has a passion for fresh, local food, ensuring our guests enjoy the delicacies Kilifi has to offer.

During the day, the infinity pool is the perfect place to relax, read and unwind. At night, the pergola is turned into a beautiful alfresco dining area under the stars.

For our active guests, the Kilifi area has a huge amount to offer and our local host will be on hand to help make all the arrangements and our driver can provide local transportation. Activities include: visiting the local markets, dhow trips, deep-sea fishing, scuba diving, kite surfing, golf, and more. We also have our own boat and skipper which can be rented by the day.

EXTRAS:

Tangewesi, Nderit's private boat, is perfect for waterskiing, enjoying sunset cruises and exploring Kilifi Creek. RATE: Tangewesi can be chartered on a weekly basis only at a flat rate of \$2500 inclusive of skipper, fuel, water skis, ski board, 4 pairs of flippers, goggles and snorkels, 2 adult wet suits, ski "life" jackets and ski rope. A rate of \$360 will be charged for any additional days of use. Only available by prior arrangement and subject to availability.

Please enquire about rates for in-house beauty treatments, yoga and other sports classes, bicycle rentals, private fishing boat charter and private car rental.

NDERIT VILLA KILIFI

Food is central to any stay at Nderit. You will begin each day with a delicious breakfast gazing over the Indian Ocean, bathed in the morning sunlight with a cool ocean breeze. Whilst long lazy alfresco lunches, sundowner canapés and atmospheric dinners in the pergola under the stars complete the day.

FULL-BOARD

We prepare a complete menu of delicious, healthy and locally-sourced meals for your stay.

Meals include:

- Breakfast
- 2-course Lunch
- Afternoon Tea
- Sundowner Canapés
- 2-course Dinner

We also include 1 x lunch and 1 x dinner out at a local restaurant for the 2 guests if booked for 7 nights.

Full-board excludes:

- Alcoholic drinks (apart from arrival drinks and house wines)
- Staff gratuities

THE WINE CELLAR:

Nderit House has a temperature-controlled wine cellar from which guests will be served a selection of House wines to complement their lunch and dinner. The owners of Nderit have selected a very limited amount of wine with particular emphasis on two fabulous vineyards in South Africa that are family-owned and with whom they have a long-standing friendship.

Please enquire about our wine list for a further selection that we stock with prices, as well as our food brochure which includes chef Katana's favourite dishes.

NDERIT VILLA KILIFI

CHECK-IN CHECK OUT

2pm
10am

AVAILABILITY

Not available in peak and high season. Specifically December - March and August.

Requires a minimum 2-night stay and is strictly adults only.

Booking the villa exclusively is dependant on main house bookings as they cannot be occupied with different guests at the same time.

GETTING HERE

Kilifi is easy to get to, with daily scheduled flights into Mombasa (90 mins away), Malindi (60 mins) or Vipingo (20 mins). There is also a private airstrip 5 mins drive from Nderit for private charters and personal aircraft. Private helicopters can land directly on Nderit front lawns.

Please see next page for more information on arriving by air.

LOCAL WEATHER

The annual temperature on the Kenyan Coast typically varies from 21°C to 33°C. The hottest months on average are February and March and the coolest months are June - September with the rain season usually hitting from April through to June.

LOCAL AREA

Nderit House is located on Kilifi Plantation; a working sisal plantation on the Southside of Kilifi Creek from Kilifi Town. It is quiet and unspoilt and guests can explore numerous small beach coves and tracks for walking, running and cycling, which are all within easy reach of the main town's amenities.

Kilifi Creek is home to an abundance of water sports and boating opportunities including water skiing, sailing, diving and so on. Also, close by is Bofa Beach, a beautiful stretch of white sand on the Indian Ocean. To find out more information on activities in Kilifi please enquire via our email.

MALARIA

Malaria is a mosquito-borne disease that is widespread in Kenya, except in Nairobi and places above 2500 meters. Since the coast is a malaria zone, carried by nighttime mosquitos, Nderit is equipped with mosquito nets on all beds. We also recommend the use of insect repellent. Please seek advice from your health professional before travelling.

NDERIT VILLA KILIFI

With three airports close to Kilifi, as well as the Kilifi Plantation airstrip, it is very easy to travel to and from Nderit House. There are many trusted airlines operating across Kenya.

For the fastest and easiest way to get to Nderit House, we suggest flying with FlyALS from Wilson Airport to Vipingo Ridge. FlyALS operates daily flights to Vipingo, taking just 1hr 15mins. We can arrange airport transfers to collect guests from the Vipingo airstrip to arrive at Nderit from Vipingo within 20 minutes.

If private charters are of more interest there is Scenic Air and Sirai Air, both of which offer bespoke luxury flying safaris and executive air charter services from many destinations around East Africa.

Scenic Air is able to accommodate up to 11 passengers and Sirai Air, operated by East African Air Charters, is able to accommodate up to 8 passengers. Both are able to land at either Vipingo or Kilifi Plantation Airstrip.

For booking and enquires please contact us via email: info@nderitkilifi.com
